

How to apply your decal

The graphic consists of three separate pieces.

- Pre-mask
- Vinyl Decal
- Liner

1. Remove the liner to reveal the sticky backing of the vinyl. Careful, the back of the graphic is very tacky and will tightly adhere to the surface. If the placement is not correct, removing the graphic for re-placement will be very difficult or impossible without causing damage to the vinyl.

2. Once the graphic is in proper position and lying perfectly flat on the window surface. Rub the decal Starting from the center working outward, use firm strokes to insure the elements adhere to the surface.

NOTE: A flat object such as a credit card can be used to rub the decal graphic.

3. Gently remove the pre-mask. (Clear paper) Be careful not to pull the graphic up with the pre-mask paper.
